SUMMARY

I am a highly organized, dedicated, energetic and ambitious individual who always strives to achieve the highest standard possible at any given task. I am skilled at offering keen attention to detail and also possess strong decision-making skills to manage multiple and concurrent tasks. I have the ability to perform effectively in independent and team environments.

I am eager to learn and I have a proven ability to adapt quickly to any given environment. I enjoy working in challenging environments that give me the opportunity to showcase and maximize my potentials and further grow and improve my skills.
